Port

Estepona is currently one of the most important municipalities in the province of Malaga and Costa del Sol.

Its privileged situation allows it to be one of the best-known enclaves on the coast, very close to marinas, beaches, golf courses, villages, rural routes and incomparable landscapes.

The charm of its white houses and its peaceful squares make Estepona a typically magical Andalusian town.

Its recently renovated old town, one of the most beautiful in Andalusia, invites you to walk around and discover, a few meters away from the sea, a network of white streets adorned with pots full of flowers.

This area offers a wide gastronomic variety thanks to its terraces, restaurants, beach bars and pubs, scattered around the old town, the seaport and the first beachline, where you can find from the most traditional food to the most innovative and international cuisine.

Places to enjoy the sun, friends, shopping and the typical Mediterranean cuisine with products from land and sea.

YOUR DREAM HOME AWAITS YOU

For those looking to live in the Costa del Sol, Velaya is the perfect place. The development—which sits close to a number of small picturesque villages—benefits from an unparalleled beachfront location and enjoys, among others, a wide cultural, gastronomic and sports offering.

Velaya is nestled in a unique natural surrounding where to breathe tranquillity, very near to the Estepona Marina, the historic centre and Puerto Banús.

With easy access to the A7 and AP7 motorways, the centre of Malaga, the airport or the train station are only a short drive away.

Estepona's natural parks, its beaches and its views of Gibraltar and Africa are a luxury within your reach.
